

From Page 1

hammers striking string, delivering the reflective and resonating sounds of an acoustic piano performance. Thanks to more discrete sampling, these string resonances are clearly differentiated depending on how hard the key is struck and whether or not the damper pedal is played. Performers will also appreciate other easy-to-use features such as reverb, which helps add depth and spaciousness to their playing, Touch Sensitivity for pianissimo (very soft) and fortissimo (very loud) effects, and the ability to experiment with Transpose and Demo Song functions or Soft and Sustain foot pedals.

Using PCM (Pulse Code Modulation) source sampling, the new digital SX-PC26M recreates instrument sounds with extraordinary realism. It includes settings for Grand, Upright and Electric Piano, and also features the tones of a harpsichord, pipe organ and strings. Additionally, a Dual Functions setting lets the performer layer two different sounds for extra richness and variety.

As with a traditional piano, this new digital model has a full 88-key console. Thirty-two note polyphony allows for the faithful reproduction of individual notes in the most elaborate compositions.

The SX-PC26M outputs 30 watts of power (15W x 2), so every note will be heard clearly in the average-size room. The piano also features two headphone jacks and MIDI terminals (In/Out), so it can be easily linked to a personal computer or other similarly equipped instruments. An AUX IN Terminal allows an external source, such as a sound module or CD player, to be connected, allowing the performer to play along with their favorite recording artist.

The Technics SX-PC26M digital piano, available in a handsome, simulated Cherry Wood finish with matching padded bench is available now.

The Royal Dish ... or, they said a moatful

This section of our newsletter is normally reserved for comments submitted by you our reader's. We call it the Royal Dish.

This month I would like to take this space and use it to thank all of you who continually contribute to the success of Royal Music.

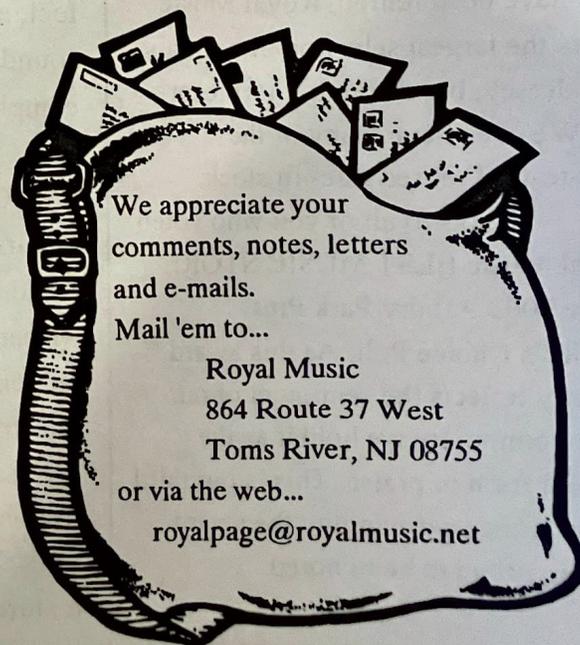

Without our loyal following we would be just another music store. It's the combination of great employees and really nice customers that is our success.

We sincerely wish to thank each and every reader of this newsletter for their support.

We value your business, but most importantly your trust and friendship.

Thank you from,

All of us at Royal Music

WINTER LESSONS BEGIN JANUARY 5, 2004

Each and every person who purchased an instrument from Royal Music is entitled to ONE YEAR of FREE Class Music Lessons .

Our lesson program is considered the most complete class lesson programs anywhere. Most everyone in our industry compliments us on the good job we do helping people enjoy music more and **PLAY MUSIC EVERYDAY.**

While our customers receive FREE lessons we also offer class lessons to the general public at the low, low rate of \$30 per 10 weeks. (That's \$3 a week.)

This winter our Winter Semester begins the week of January 5, 2004. Below is a list of classes to be offered. These classes are available on a first come first served basis, so call to reserve a seat.

Hope to see many of you in music class.

A Simple, Affordable Way To Enjoy Playing The Organ

The Roland Organ Atelier AT-10S combines the top-quality sounds of the flagship model with an easy-to-use front panel and super affordable price. This beautifully crafted instrument is not only ideal for beginners, but also for those who are rediscovering the fun of playing the organ.

High Quality Organ and Orchestral Sounds

From basic jazz organ, rich theatre organ and incredible pipe organ sounds to strings, choir and jazz scat voices this instrument boasts the top sound quality in the industry. The sounds are true. The piano must be heard !

Automatic Accompany Features

A plethora of built in rhythms include most all styles of music. From Big Band to Country and from Ballads to Latin this instrument gives the home musician the professional edge. Beginners will appreciate the Chord Intelligence function (just like MCS) which creates complete auto-accompaniment by holding only one or two notes in the left hand. This allows anyone to enjoy making music on the organ.

Built-in Floppy Disk Drive

A 3.5 inch floppy disk drive is included for playing back commercially available Standard MIDI File disks. The LCD display will even display the lyrics to the songs making it perfect for karaoke. A built in recorder allows you to record your songs onto blank floppy disks.

User Friendly Operation

The display panel is designed for simple and easy operation. In fact, by pressing the convenient One Touch Program Button, the organ sets everything properly for the selected rhythm. Sounds both upper keyboard and lower (pedals too) are set and the volumes are adjusted to match the style of music selected.

Must Have Features:

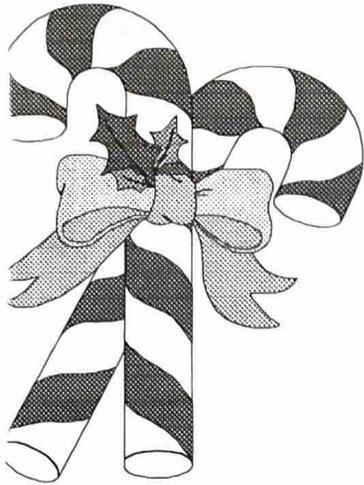

- 49 Note touch sensitive keyboards (instead of 44 notes)
- Floppy Disk Drive
- Rosewood Cabinet
- Digital Sound
- LCD Display (Info Center)

Includes:

- Matching Padded Bench
- Full Factory Warranty
- Owner's Guide
- FREE Local Delivery
- One Year FREE Music Lessons
- Roland Classes to Learn the Functions

BRAND NEW FOR ONLY \$3,499

Simply stated this is the absolute best organ value ever offered in an entry position model. This is the type of instrument you grow into, not outgrow. At \$3,499 this is sure to be our most favorite model. Trade-ins are accepted, stop in for a listen you won't believe your ears.
