# The Royal Dish ... or, they said a moatful

Jeff –

Time has a way of flying by; I think it is two years since I first visited the Royal Music Studio. I had my eyes operated on for cataracts that January, and after that I was able to read the notes even if I didn't always hit the right notes. Needless, to say "I've been a happy camper ever since."

As I have said so many times: "I may not know much about playing music, but I sure do enjoy every note that I play." Now that I have some expertise in reading and playing E-Z Play songs, and can also play many other songs with standard notation, I'm in seventh heaven!!!! Thanks to all of you and especially to our Instructor, Pat!!!!!! You folks have made it all possible; truly, I can't thank you enough for giving me a quality of life that I didn't have before!!!!

Thanks again for all that you folks do for all of us...you do more than just give us lessons; you have given us a friendship that we treasure.

Sincerely,  
Jim G.

Dear Jeff,

*Thanks for the super Yamaha Electone EL-90! It is in perfect condition. I am excited with it and can't wait to play it everyday. The disk drive works perfectly and everything else checks out in mint condition. Thanks so much for your honesty and hard work to please the customer. I truly appreciate all the work you went to in finding, checking out, and then obtaining the Electone I needed and wanted.*

*Today, with integrity lacking and honestly being a lost art, you and Royal Music are a shining star and gleaming gem in a dark business world. From the bottom of my heart I say, it is a pleasure to do business with you. When you can totally trust what the dealer says to you and when you have no doubts that he is being absolutely honest with you about every aspect of the transaction, it is a indeed a pleasure, and it keeps a spark of hope burning in a 'what's in it for me' world.*

*Thanks again, and keep up the great work. Please stay in business and keep selling organ/keyboards. The music world needs a lot more dealers like you.*

Sincerely,

Nelson A. Clark

Happy Hour ...

Three notes walk into a bar: C, an E-Flat and a G. The bartender says he doesn't serve minors. So the E-Flat leaves and the C and G have a fifth between them.
