## Royal Music Celebrates 13 Years Serving The Jersey Shore

On May 17, 1993 Royal Music first opened its doors and began sharing music with anyone who would take a moment to listen.

Since that day 13 years ago thousands of area residents have taken music lessons at Royal Music. Additionally, Royal Music has not only served New Jersey well, but now has delivered instruments to almost 40 states and a few foreign countries too.

While lots of things have changed over the last 13 years Royal Music continues operating with the same simple formula ... offer great instruments at fair prices and teach people how to play and use them.

Recently someone told us they thought Royal Music had the same atmosphere you would find in an old fashion general store years ago. We thought that was a nice compliment.

If you are pleased with Royal Music, then please tell a friend. If we can do something better, please tell us. Thank you for your continued patronage.

Below are listed two exciting events that are coming up soon. One is a concert, the second is our annual dinner cruise. We hope to see many of you at these events.

## The Mission

They can't kill the music, no matter what they do ...  
That feeling of peace and calm will always see us  
through .....

Why do some need to ruin our bliss?  
Do they think they can steal it away with a kiss?  
It takes some time to see the light ... It's beyond  
the heartache and the fight .....

Our strength comes  
in a steady, constant flow .....

Where it comes from,  
I do not know .....

But I thank God every day,  
The peace it gives me in every way .....

Music is a gift  
that only God can give ....

You must treasure it as  
long as you live .....

If someone tries to stop the  
flow .....

That's a sign to get up and go .....

Our mission  
will become quite clear,  
It's to spread love and  
peace, not anger and fear .....

So here's to the folks  
who create and inspire ...  
may they bravely create  
music and never tire .....

So many need warmth and  
beautiful sounds,  
no great gift will ever be found ....

So, play on, all you talented folk,  
we'll all be listening,  
that's no joke ...

And remember, be brave and  
be wise ....

Create your sound,  
ignore those who  
criticize ....

You can be sure when you spread your  
love, you will receive many blessings  
from above ....

God Bless.

## Just For Laughs

A woman was trying hard to get the catsup to come out of the bottle. During her struggle the phone rang so she asked her four-year-old daughter to answer the phone. "It's the minister, Mommy," the child said to her mother. Then she added, "Mommy can't come to the phone right now. She's hitting the bottle."

An elderly widow and widower were dating for about five years. The man finally decided to ask her to marry. She immediately said "yes". The next morning when he awoke, he couldn't remember what her answer was! "Was she happy? I think so, wait, no, she looked at me funny..." After about an hour of trying to remember to no avail he got on the telephone and gave her a call. Embarrassed, he admitted that he didn't remember her answer to the marriage proposal. "Oh", she said, "I'm so glad you called. I remembered saying 'yes' to someone, but I couldn't remember who it was."

# Previously Owned Special Of The Month—Roland AT-10S A Simple, Affordable Way To Enjoy Playing The Organ

The Roland Organ Atelier AT-10S combines the top-quality sounds of the flagship model with an easy-to-use front panel and super affordable price. This beautifully crafted instrument is not only ideal for beginners, but also for those who are rediscovering the fun of playing the organ.

## High Quality Organ and Orchestral Sounds

From basic jazz organ, rich theatre organ and incredible pipe organ sounds to strings, choir and jazz scat voices this instrument boasts the top sound quality in the industry. The sounds are true. The piano must be heard !

## Automatic Accompany Features

A plethora of built in rhythms include most all styles of music. From Big Band to Country and from Ballads to Latin this instrument gives the home musician the professional edge. Beginners will appreciate the Chord Intelligence function (just like MCS) which creates complete auto-accompaniment by holding only one or two notes in the left hand. This allows anyone to enjoy making music on the organ.

## Built-in Floppy Disk Drive

A 3.5 inch floppy disk drive is included for playing back commercially available Standard MIDI File disks. The LCD display will even display the lyrics to the songs making it perfect for karaoke. A built in recorder allows you to record your songs onto blank floppy disks.

## User Friendly Operation

The display panel is designed for simple and easy operation. In fact, by pressing the convenient One Touch Program Button, the organ sets everything properly for the selected rhythm. Sounds both upper keyboard and lower (pedals too) are set and the volumes are adjusted to match the style of music selected.

# Practice Makes Perfect

1. Play every day. It will improve your playing much more than just practicing once a week.
2. Flex your fingers to make them supple before starting to play.
3. Warm your hands if they are cold.
4. Choose times to play when you can be by yourself. Nothing is worse than having other people listen while you are learning to play.
5. Start playing everything slowly. When you can play the piece evenly and smoothly, gradually work up to the right speed. You won't get it right if you start out too fast.
6. Try to learn something new every week. Don't be discouraged if you are not getting everything right the first few times around.
7. Be patient. Make sure you can play every piece smoothly before you go on to the next tune.
8. If you have problems with one particular part, practice that part separately until you've mastered it, then try the whole tune all the way through.
9. Try to play keeping your eyes on the music, not on your hands or the keyboard.
10. Polish your playing. Correct mistakes before they become bad habits.
11. Relax by playing music you already know. Enjoy yourself.
