## MUSIC CLASSES START WEEK OF SEPTEMBER 8TH

Royal Music is preparing for its most exciting back to school schedule in quite a number of years. This fall we will be offering a host of music classes to suit the needs of musicians on all levels. If you can't carry a tune in a bucket we have a class for you. If you've been playing the piano since Cristofori hand made you one then we have a class for you as well.

Our fall semester of classes begins the week of Monday, September 8<sup>th</sup>. If you are not currently taking a music class at Royal Music we will need to meet with you prior to September 8<sup>th</sup> to hear you play so we can place you in an appropriate class.

If you purchased your instrument from Royal Music you may still be entitled to FREE TUITION to our music classes. This means your class will cost you nothing! If you haven't purchased your instrument at Royal Music then our tuition is \$50 for 10 weeks of lessons. (\$5 a week!!!) IF you are beginner student there is a 50% off coupon inside this newsletter

There was much ado made about the movie **The Bucket List**. The story follows two men on a road trip with a wish list of things to do before they "kick the bucket." As an organist I encourage anyone who plays the organ to own a top of the line instrument at some point in their life. These flagship models have all the bells and whistles the manufacturer can pack into their luxurious cabinets.

Due to our tremendous success introducing the new Roland Atelier organs Royal Music now has in stock the best selection of top of the line trade ins ever. In preparation for our summer music sale we are reducing the prices of these icons of status. It is possible to own the instrument you once dreamed of for a much more manageable price. For example ... In 2000 the Lowrey Millennium sold new for over \$70,000 at the local Lowrey dealer. You can purchase a previously owned Millennium now for only \$10,999. (Only one available ... only 300 were ever made!)

At Royal Music we currently have a nice selection of these top of the line instruments from Roland, Technics, Lowrey, Yamaha and Hammond. If your bucket list included owning a flagship model instrument now is the time to visit Royal Music. Browser's always welcome.

*All former top of the line instruments include warranties; free delivery; free lessons. All have been thoroughly inspected prior to resale. Many are like new.*

# IT'S TIME YOU JOIN A MUSIC CLASS

We at Royal Music have been teaching people to play the organ, keyboard and piano for quite a while (many years). Each staff member of Royal Music brings a unique ability to share their joy of music with our students. This fall we hope to welcome many readers of this newsletter to take a class who have never taken a class with us before. We want to extend a special welcome to those of you who took lessons at the former Lowrey store.

Our lesson program is designed to help you play any organ, not just the one in our classroom. As a matter of fact we change the instrument often so our students get a chance to try something new.

If you enjoyed taking music lessons in the past we are sure you will enjoy the class lesson program at Royal Music. Not only will you learn music, but you'll see old friends and perhaps make a few new friends.

Ask anyone involved in music at Royal Music and they'll tell you we've got knowledgeable teachers and nice students. What a great combination.

Please consider this a formal invitation to join us and give our classes a try.

---
