## Meet the newest member of The Royal Family

Jennifer Campanozzi joined our staff before Thanksgiving. This Bayville resident is a Bergen County transplant. Jennifer studied piano from an early age and her love of music led her to a degree in piano from Montclair State University.

After college Jennifer satisfied her passion for music as a certified paralegal working with entertainment lawyers in New York City while maintaining her position as church organist/pianist.

In her new position as a Troubadour Jennifer will assist customers and students in attaining their musical dreams and help them select the proper instrument for their playing style and budget.

**Lowrey National Concert Artist  
Mark Tison**

Mark Tison began playing the piano by ear at the age of 5, and made his musical debut at a county fair at age 7 in Bradenton, Florida. At the age of 9 Mark began playing the organ.

He was student conductor and orchestra arranger in high school and studied composition in college.

Mark spent the years between college and 1983 as a popular Organ Demonstrator and Educational Director for a

major musical instrument retailer in the southeast and eventually joined the sales team. Mark then took a leave of absence from his business career to tour Europe entertaining members of the Armed Forces. After returning from overseas he rejoined the retail business community and has been in sales and management ever since.

Mark's mastery of the Lowrey organ and his spectacular performances are always a memorable musical event!

*Mark is teaching the Lowrey class at 11 am on February 27th. All are welcome to attend.*

# LOWREY

In 2009 Royal Music became the official Lowrey Organ dealer for the Jersey Shore. Royal Music has an assortment of Lowrey organs in stock both new and previously enjoyed.

Since Royal Music is best known for its after-sale service, it is now offering Lowrey organ classes to teach the functions and use of the Lowrey organ. These classes help you understand how and when to use the various sections of your instrument. If there is a button on your organ that you don't know how to use, these classes are for you. Best of all they are FREE.

Classes meet the fourth Saturday of every month at 11am. We hope all Lowrey owner's will join us during any or all of the next few sessions.

## In Memoriam

With all the sadness and trauma going on in the world at the moment, it is worth reflecting on the death of a very important person, which almost went unnoticed last week. Larry LaPrise, the man who wrote "The Hokey Pokey", died peacefully at age 93. The most traumatic part for his family was getting him into the coffin. They put his left leg in. And then the trouble started.

On October 23, 2009 Royal Music hosted the local Organ Fest Competition.

Roland Atelier Organ Fest offers organ enthusiasts of all ages an opportunity to showcase their talents. By encouraging students, hobbyists and professionals to challenge their playing skills, share their music with others and learn how to use the many features of the Next Generation Roland Atelier Organ. The Atelier Organ Fest is a vehicle for the player to take their playing skills to a whole new level.

Local participants competed in two categories: Hobbyist and Advanced Hobbyist. The winners for each category are traveling to Orlando, Florida to compete in the semi-finals on February 20, 2010 for a chance to represent New Jersey in the National Finals to be held this March in Los Angeles, California.

Representing Royal Music in the hobbyist category is Fred Palamara from Holiday City South, and our advanced hobbyist is Warren Romer from Holiday City West.

We are proud of all our Organ Fest participants and wish Fred and Warren a safe and music filled trip.
