Greetings Music Lovers

When Royal Music closed its doors on September 30, 2019 it did not cease to exist. We have gone viral with our new headquarters in Middletown, NJ.

With currently over 40 instruments in stock we are motivated to sell our instruments by offering great deals. With the lower overhead we offer great prices on fine instruments.

When stay at home became the norm this spring many people found time to rekindle their interest in making music at home. Shelter in place was especially hard for America's senior citizens. Making music has been scientifically proven to be beneficial in the following ways.

Benefits of Music for Seniors

Music can help promote overall health and wellness while eliciting positive memories and reactions. Seniors can benefit from music in the following ways:

- Increases relaxation
- Allows for a better night's sleep
- Enhances mood

Improves memory

- Assists in memory recall
- Provides a communicative structure

More exercise

- Increases coordination and mobility
- Provides motivation for walking, running, dancing, and stretching

More social interaction

- Improves cognition and speech
- Encourages self-expression
- Increases self-esteem
- Dispels anxiety, tension, and fear

Better overall health

- Reduces pain and recovery time

There has never been a more important time to make music.

Attention Snowbirds:

Many people have a winter residence in Florida and quite a few have a second instrument in their second home.

Over the years Royal Music has sold and shipped many instruments to the Sunshine State. In most cases it is less expensive to purchase and ship an instrument than to purchase locally in Florida.

Royal Music is currently in negotiations to purchase inventory from some Florida dealers and sell inventory to others. A fall 2020 transfer of organs from north to south is being scheduled making this a unique opportunity for discounted shipping costs to Florida.

If you are considering an instrument for your winter home should email jeff@royalmusic.com please include the town and zip code in Florida.

Shop At Home Is Easier
Than Ever !

Let us know what
instrument you want to see
either by calling 732-240-
2332

or emailing
jeffmazza@royalmusic.com

We will email photos and /
or videos showcasing that
instrument.

Our robust inventory of
new and used
songbooks can be
found in our ebay
store.

Please visit

The organist improved significantly once they instituted performance-related pay.

All the news that fits we print.

The Saga of the MAMA Hat

M Make
A America
M Musical
A Again

The MAMA hat transcends politics. It is meant to embody the importance of music education. It is available in both BLUE or RED. A portion of the proceeds are donated to charities that support music education in public schools.

Everyone who has enjoyed Royal Music throughout the years owes the public-school music teachers of Toms River a debt of gratitude. They nurtured my love for music and gave me inspiration to share music with others.

In the words of Friedrich Nietzsche —
'Without music, life would be a mistake.'

My goal for the MAMA Hat is to raise money for music charities and help support music programs in public schools.

To see a short video about the MAMA Hat visit youtube.com and search for Jeff Mazza MAMA Hat.

See order form on next page to ...

MAKE AMERICA MUSICAL AGAIN

Thank you,
Jeff Mazza

VISCOUNT

Chorum 90

Your organ, your sound

Viscount's Chorum 90, with its 3 manuals, 51 voices, and convenient stoptab arrangement, provides everything at your fingertips to experience the latest sampled sound technology available in a digital organ.

The superb sound and the contemporary aesthetic make this genuine Viscount organ a remarkable yet affordable instrument. Whether you are a quality-conscious church or an organist on a limited budget, the Chorum 90 is the perfect choice .

MSRP New \$27,999

Previously Owned
Less than two years

WOW
\$16,899

Cabinet

Fine Italian Craftsmanship at an Exceptional Price

The Chorum 90's elegant wooden console also comprises a music desk, roll top cover with key lock, and a matching bench.

User Interface

The rocker tabs, pistons and display provide effective control over the entire instrument.

The pistons and rocker tabs that are used to control the organ's voices have been ergonomically designed to respond quickly and easily to the demands of the player. The display is conveniently located on the right of the instrument with its own set of easy to use controls. There are ample pistons available for both divisional and general memories which are carefully positioned on the instrument to allow a wide range of possibilities and personalisation, all at your fingertips.

Keyboard

High-Quality Tracker Action Keyboards

Chorum 90 is equipped with 3 x 61 notes "Tracker Action" keyboards. We understand the importance of having the right feel to the organ keyboard so have taken the utmost care in using the very best components. The feel of the keys conveys the touch of a true Tracker Action. When using MIDI and Orchestral sounds, the keys instantly become touch sensitive and give the player the ability to be more expressive musician that you are.

Sound Generation

Powered by Viscount's newly designed ARTEM Sampling Technology

The entire CHORUM line uses proprietary ARTEM technology (Advanced Real TEchnology Music).

- Advanced, we have advanced our sampling and computation capabilities.

- Real, the resulting sound is exactly like a real pipe organ.
- Technology, we use state of the art digital sound generation technology.
- Music, for more than 100 years music has been our passion. This powerful sampling sound generator has been designed by Viscount in Italy to faithfully reproduce the authentic sound and performance of a traditional pipe organ.

The Chorum 90 is equipped with 188 sampled stops arranged in four banks, each with 47 own unique set of voices. These enable you to choose between Baroque, North German Baroque, Romantic and Symphonic. You can easily select the various styles as well as create your preferred acoustic environment.

The Chorum 90 offers a choice of eight different acoustic room models. You can therefore select the optimum ambience for your style of playing by matching the acoustic environment to the historic organ of your choice, all at the touch of a button.

Amplification

High Fidelity Amplification

The internal amplification of the Chorum 90 has been designed to give you an incredibly large and robust sound right out of the box. It's also designed to give you remarkable sonic excellence right down to the lowest frequencies, even whilst set at the lowest volumes for small spaces. Audio outputs are available to connect additional external

amplification, should this organ be installed in a church, or to give an even more pipe-like experience in the home. The Chorum 90 also includes a headphone socket should you ever need to play in total silence.

Pedals

3 Expression Pedals

The 3 expression pedals provide a smooth and precise movement allowing complete control over the volume for Manual I, Manual III, and the CRESCENDO which is programmable up to 16 levels.
